

## **Parkway Baptist Class Room Procedures for Allergies and/or Medical Conditions**

1. Parents must complete all necessary release forms (see attached).
2. One copy of the release form is kept by the teacher another is kept in the Director's office.
3. A sign which list all affected children and their allergies will be posted above sink in class room (see attached) **INCLUDE A PICTURE IF ALLERGY IS SEVERE.**
4. Medication is kept in Director's office in file cabinet in a container labeled: Individual Children's Medication.
5. Two Epipens are needed for your child to attend school. One is kept in the child's classroom and the other is kept in the Director's office in the filing cabinet in a container labeled: Individual Children's Medication.
6. All Teachers in school must watch video and learn how to administer the Epipen at a Faculty Meeting in October.
7. **NO FOOD**, which a child is severely allergic to, is permitted in the classroom. Parents of other children are notified of the food item. Constant reminder notices must be sent home. Any habitual disregard of this request will be handled by the director.
8. All students in the class have a place mat and are instructed to keep their food on their own placemat. Children are instructed to eat only their own food.
9. Parent of child with allergy is asked to send food in a noticeable container so that a teacher may be alerted if the child is eating another child's food.
10. Teachers are to obtain a list of allergy approved snacks including name brands (see example).
11. Teachers are to have a back up snack food on hand.
12. Homemade foods for snacks or birthday parties are not permitted.
